

## AmeriHealth Caritas Iowa Quick Reference Guide for Ordering Providers

### Effective December 1, 2016

AmeriHealth Caritas Iowa has selected National Imaging Associates Inc. (NIA) to implement a radiology benefit management program for outpatient advanced imaging services. This program is consistent with industry-wide efforts to both ensure clinically appropriate care and manage the increasing utilization of these services.

NIA will manage the outpatient imaging services listed below through AmeriHealth Caritas Iowa's existing contractual relationships.

**The ordering physician is responsible for obtaining a prior authorization for advanced imaging services.** It is the responsibility of the rendering facility to ensure that prior authorization was obtained. As the ordering physician of advanced diagnostic services, it is essential that you develop a process to ensure that the appropriate authorization numbers have been obtained. Payment will be denied for procedures performed without a necessary authorization, and the member cannot be balance-billed for such procedures.

### Procedures requiring prior authorization

- Computed tomography (CT) scan and computed tomography angiography (CTA).
- Coronary computed tomography angiography (CCTA).
- Magnetic resonance imaging (MRI) and magnetic resonance angiography (MRA).
- Positron emission tomography (PET) scan.
- Myocardial perfusion imaging.
- Multigated acquisition (MUGA) scan.

### The following services do not require authorization through NIA:

- Inpatient advanced imaging services.
- Advanced imaging services in an observation setting.
- Emergency room (ER) imaging services.

If an urgent or emergent clinical situation exists outside of a hospital emergency room, please contact NIA immediately with the appropriate clinical information for an expedited review. The number to call to obtain a prior authorization is **1-888-864-7237**.

## **Prior authorization process**

There are two ways to obtain prior authorizations: either through NIA's website at [www.radmd.com](http://www.radmd.com) or by calling **1-888-864-7237**.

## **Information needed to obtain prior authorization**

To expedite the prior authorization process, please have the following information ready before logging in to NIA's website or calling the NIA Call Center staff. (\*Information is required.)

- Name and office phone number of ordering physician.\*
- Member name and ID number.\*
- Requested procedure.\*
- Name of provider office or facility where the service will be performed.\*
- Anticipated date of service (if known).
- Details justifying procedure.\*
  - Symptoms and their duration.
  - Physical exam findings.
  - Conservative treatment patient has already completed (e.g., physical therapy, chiropractic or osteopathic manipulation, hot pads, massage, ice packs, medications).
  - Preliminary procedures already completed (e.g., X-rays, CT scans, lab work, ultrasound, scoped procedures, referral to specialist, specialist evaluation).
  - Reason the study is being requested (e.g., further evaluation, to rule out a disorder).
- Please be prepared to fax the following information, if requested:
  - Clinical notes.
  - X-ray reports.
  - Specialist reports and evaluations.
  - Ultrasound reports.
  - Previous CT and MRI reports.

### Website access

- It is the responsibility of the physician ordering the imaging procedure to access NIA's website or call for prior authorization. Patient symptoms, past clinical history, and prior treatment information will be required and should be available at the time of the contact.
- You can request prior authorization at **www.radmd.com**. RadMD is available 24/7, except when maintenance is performed once every other week after business hours. To begin, you must obtain a unique user name and password for each individual user in your office. Simply go to **www.radmd.com**, click on the New User button and complete the application form.
- If you are requesting authorizations through NIA's website and your request is pended, you will receive a tracking number, and NIA will contact you to complete the process.
- The NIA website cannot be used for retrospective or expedited authorization requests. Retrospective or expedited requests must be processed by calling **1-888-864-7237**.

### Telephone access

NIA Call Center hours of operation are Monday through Friday, 8 a.m. to 8 p.m. Eastern Time (ET). You may obtain a prior authorization by calling **1-888-864-7237**. NIA can accept multiple requests during one phone call.

### Important notes

- Prior authorizations are valid for 60 days from the date of service. If there is no date of service, then prior authorizations are valid for 60 days from the date of request.
- The NIA prior authorization number consists of eight or nine alphanumeric characters. In some cases, you may instead receive an NIA tracking number (not the same as a prior authorization number) if your prior authorization request is not approved at the time of initial contact. You can use either number to track the status of the request on the RadMD website or via our interactive voice response telephone system.
- For prior authorization complaints and appeals, please follow the instructions on your denial letter.
- NIA's Clinical Guidelines can be found on NIA's website, **www.radmd.com** under Online Tools/Clinical Guidelines. NIA's guidelines for the use of imaging procedures have been developed from practice experience, literature reviews, specialty criteria sets, and empirical data.
- A prior authorization number is not a guarantee of payment. Whether the requested service is covered is subject to all of the terms and conditions of the member's benefit plan, including, but not limited to, member eligibility, benefit coverage at the time the services are provided, and any pre-existing condition exclusions.
